Scoring System:

- Each week, golfers will play 9 holes to post a gross score, and net score based on handicaps that are established week 1 and adjusted weekly
- Points for each week's net rankings will be awarded based on the number of golfers in the field and a progressive weekly multiplier.
- For example, if there are 25 golfers in the field 1st place would get 25 points, 2nd place 24, and so on through 25th place.
- Each week will be progressively weighted with the multiplier increasing by 1x weekly. With no points week 1, week 2 would be 1x, week 3 2x to 7x in week 8. Major weeks will also have an additional 2points added to the multiplier to add to intensity.

Scorecards:

- Venue staff will hand out scorecards to all players as they begin their round.
- Players will fill in their names, team numbers, and 9-hole gross scores.
- Score must be turned into the front desk to be entered into the leaderboard.
